39-2403. LICENSURE REQUIRED. After January 1, 1993, no private or public agency or organization may advertise, operate, manage, conduct, open, maintain, or hold itself out to the public to be a home health agency unless licensed by the department of health and welfare. The department may grant licenses without conducting a licensure survey to medicare certified agencies or agencies currently accredited by an accrediting body recognized by the health care financing administration pursuant to rules and regulations

developed by the board prescribing the conditions under which these actions are made.

[39-2403, added 1992, ch. 56, sec. 2, p. 164.]

39-2404. APPLICATION -- ISSUANCE -- RENEWAL -- DENIAL. (1) An application for a license shall be made to the department upon forms provided by it and shall contain such information as it reasonably requires, which may include affirmative evidence of ability to comply with such reasonable standards, rules and regulations as are lawfully adopted by the board of health and welfare.

(2) Upon receipt of an application for license, the department shall issue a license if the applicant meets the requirements established under this chapter. A license, unless suspended or revoked, shall be renewable each and every year upon filing by the licensee, and approval by the department, of an annual report upon such uniform dates and containing such information in such form as the board prescribes by regulation. Each license shall be issued only for the premises and persons or governmental units named in the application and shall not be transferable or assignable except with the written approval of the department. Licenses shall be posted in a conspicuous place on the licensed premises.

(3) The department may deny any application or revoke any license when persuaded by evidence that such conditions exist as to endanger the health or safety of any patient, or which will violate the patients' bill of rights, or the home health agency does not meet requirements for licensure to the extent that it hinders its ability to provide quality services that comply with rules and regulations for home health agencies, or the home health agency has a history of repeat deficiencies. Before denial or revocation is final, the department shall provide opportunity for a hearing at which time the owner or sponsor of an agency may appear and show cause why the license should not be denied or revoked. The board shall provide by rule and regulation a procedure whereby a waiver of a specific rule, regulation or standard may be granted in the event that good cause is shown for such a waiver and providing that said waiver does not endanger the health, safety or rights of any patient. The decision to grant a waiver shall not be considered as precedent or be given any force or effect in any other proceeding. Said waiver may be renewed annually if sufficient written justification is presented to the department. Hearings for licensure, including denial and revocation, shall be conducted by the department pursuant to [chapter 52, title 67](#), Idaho Code, and appeal shall be as provided therein.

[39-2404, added 1992, ch. 56, sec. 2, p. 164.]

The board of health and welfare, with the advice of the advisory board of home health providers, shall have the authority to adopt, amend, and enforce such rules, regulations and standards with respect to all home health agencies to be licensed under the provision of this chapter as are designed to further the accomplishment of the purposes of this chapter in promoting safe and adequate treatment of individuals by home health agencies in the interest of public health, safety and welfare.

Provided that nothing in this chapter or the rules and regulations adopted pursuant thereto shall be construed as authorizing the supervision, regulation, or control of the remedial care or treatment of residents or

patients in any home, facility or agency, conducted for those who rely upon treatment by prayer or spiritual means in accordance with the creed or tenets of any well-recognized church or religious denomination.

[39-2405, added 1992, ch. 56, sec. 2, p. 165.]

39-2407. INFORMATION CONFIDENTIAL. Public disclosure of information obtained by the department for the purposes of this chapter shall be governed by rules and regulations adopted by the board. Nothing in this chapter, however, shall be construed, nor shall any rule or regulation be promulgated under this section, as to impair, restrict or alter the confidentiality and privilege afforded the physician and patient communications, including without limitation, documentation thereof in records of agencies, or communications to and with nurses or other assisting persons or entities, nor shall this chapter be construed to amend by implication such physician-patient communication privilege as provided elsewhere in this code, including without limitation, section [9-203](#) (4), Idaho Code, which shall remain inviolate.

[39-2407, added 1992, ch. 56, sec. 2, p. 165.]

The department shall be represented by the county prosecutor of the county in which the violation occurs or by the office of the attorney general.

[39-2408, added 1992, ch. 56, sec. 2, p. 166.]

39-2409. BILL OF RIGHTS. A licensee shall provide each person or designated representative with a written bill of rights which shall be in substantially the same form as the currently effective version of regulations affecting patients' rights utilized for the medicare and medicaid programs.

[34-2409, added 1992, ch. 56, sec. 2, p. 166.]

39-2410. USE OF TERMS LIMITED. No person may use any words in its corporate or business name, or advertise using such words to indicate that it is licensed under the provisions of this chapter or provides the type of ser-

vices provided by an agency licensed under the provisions of this chapter unless it is in fact licensed as a home health agency under this chapter.
