

TITLE 67
STATE GOVERNMENT AND STATE AFFAIRS

CHAPTER 23
MISCELLANEOUS PROVISIONS

67-2301. EXEMPTION FROM PAYMENT OF FEES. No fees or compensation of any kind (except the regular salary or compensation paid by the state to the officer, agent, or employee individually for his services) shall be charged or received by any state board, officer, agent or employee for duties performed or services rendered to or for the state or to or for any state board, officer, agent, or employee in the performance of his or their official duties, or to or for the state or any state board, officer, agent and employee in any action or proceeding in which they or any of them are parties. No filing or recording fee shall be charged or received for duties performed or services rendered to or for the state or to or for any state board, officer, agent, employee or any subdivision of the state, to include a county, municipal corporation or district created pursuant to statute, or an officer of such subdivision in the performance of his or their official duties.

[(67-2301) 1921, ch. 63, sec. 1, p. 121; I.C.A., sec. 65-2201; am. 1987, ch. 14, sec. 1, p. 19; am. 1998, ch. 145, sec. 1, p. 516.]

67-2302. PROMPT PAYMENT FOR GOODS AND SERVICES. (1) It is the policy of this state that all bills owed by the state of Idaho or any taxing district within the state shall be paid promptly. No state agency or taxing district supported in whole or in part by tax revenues shall be exempt from the provisions of this section, except as provided in subsection (20).

(2) All bills shall be accepted, certified for payment, and paid within sixty (60) calendar days of receipt of billing, unless the buyer and the vendor have agreed by a contract in place at the time the order was placed that a longer period of time is acceptable to the vendor. An invoice is a written account or itemized statement of merchandise shipped, sent or delivered to the purchaser with quantity, value or price, and charges set forth, and is a demand for payment of the charges set forth.

(3) Unless specifically provided by the terms of a contract that details payment requirements, including penalties for late payments, interest penalties shall be due automatically when bills become overdue. It shall be up to each vendor to calculate and invoice interest at the time payment is due on the principal.

(4) Partial payment shall be made on partial deliveries, if an invoice is submitted for a partial delivery, and the goods delivered are a usable unit. Each complete item or service must be paid for within forty-five (45) calendar days.

(5) All proper deliveries and completed services shall be received or accepted promptly and proper receiving and acceptance reports shall be forwarded to payment offices within five (5) working days of delivery of goods or completion of service.

(6) Payment shall be due on the date on which the agency officially receives the invoice or actually receives the goods or services, whichever is later.

(7) The rate of interest to be paid by the state or any taxing district shall be the rate provided in section [63-3045](#), Idaho Code.

(8) Unpaid interest penalties owed to a vendor shall compound each month.

(9) The provisions of this section shall apply to all purchases, leases, rentals, contracts for services, construction, repairs and remodeling.

(10) No discount offered by a vendor shall be taken by the state or a taxing district or by a project manager administering a state or taxing district supported project, unless full payment is made within the discount period. In the event a discount is taken later, interest shall accrue on the unpaid balance from the day the discount offer expired.

(11) Interest shall be paid from funds already appropriated or budgeted to the offending agency or taxing district or project for that fiscal year. If more than one (1) department, institution or agency has caused a late payment, each shall bear a proportionate share of the interest penalty.

(12) In instances where an invoice is filled out incorrectly, or where there is any defect or impropriety in an invoice submitted, the state agency, taxing district, or project, shall contact the vendor in writing within ten (10) days of receiving the invoice. An error on the vendor's invoice, if corrected by the vendor within five (5) working days of being contacted by the agency or taxing district, shall not result in the vendor being paid late.

(13) Checks or warrants shall be mailed or transmitted within a reasonable time after approval.

(14) No new appropriation or budget is authorized under the provisions of this section to cover interest penalties. No state agency, taxing district, or project shall seek to increase appropriations or budgets for the purpose of obtaining funds to pay interest penalties.

(15) Payment of interest penalties may be postponed when payment on the principal is delayed because of a disagreement between the state or taxing district and the vendor. At the resolution of any dispute, vendors shall be entitled to receive interest on all proper invoices not paid for as provided in subsection (2) of this section.

(16) The provisions of this section shall in no way be construed to prohibit the state or any taxing district from making advanced payments, progress payments, or from prepaying where circumstances make such payments appropriate. All such payments shall be made promptly and are subject to interest penalties when payment is late. Where construction, repair and remodeling payments are subject to retainage, interest penalties shall accrue on retained amounts beginning thirty (30) calendar days after work is completed by the contractor(s) unless otherwise provided by contract.

(17) Each state department, institution and agency head shall be responsible for prompt payments. In all instances where an interest payment has been made by a state agency because of a late payment, the responsible state agency head shall submit to the joint senate finance-house appropriations committee of the legislature at the time of that agency's budget request hearing an explanation of why the bill is paid late and what is being done to solve the late payment problem.

(18) Whenever a vendor brings formal administrative action or judicial action to collect interest due under this section, should the vendor prevail, the state or taxing district is required to pay any reasonable attorney fees awarded.

(19) Where the date of payment to vendors is contingent on the receipt of federal funds or federal approval, the solicitation of bids for contracts

and any contracts awarded shall clearly state that payment is contingent on such conditions.

(20) The provisions of this section shall not apply to claims against a county for services rendered to any medically indigent, sick or otherwise indigent person, nor to judgment obligations.

[67-2302, added 1986, ch. 200, sec. 1, p. 499.]

67-2303. DISPLAY OF POW/MIA FLAG. The POW/MIA flag may be displayed on any day when the United States flag is displayed and in accordance with rules as promulgated by the division of veterans services pursuant to the provisions of section [67-2303A](#), Idaho Code.

[67-2303, added 2011, ch. 209, sec. 1, p. 590; am. 2012, ch. 199, sec. 1, p. 534.]

67-2303A. FLAGS -- PROPER PROTOCOL. The division of veterans services is hereby authorized to promulgate rules directing the proper protocol for the location and display of flags flown on state property.

[67-2303A, added 2012, ch. 199, sec. 2, p. 534.]

67-2308. CONVEYANCE OF LAND OWNED BY COUNTY TO STATE WHEN STATE BUILDINGS LOCATED THEREON -- EFFECT OF DEED. Whenever a county owns any real property upon which is located any building or buildings owned by the state of Idaho, the board of county commissioners, if they shall deem it desirable and for the general welfare and benefit of the people of the county and in the interests of the county, may convey such real property to the state of Idaho without previous notice by advertisement or otherwise and with or without compensation, whether it shall have been acquired by tax deed or otherwise. The execution and delivery of the deed so conveying such property to the state shall operate to discharge and cancel any and all previous levies, liens, taxes and special assessments made or created for the benefit of the state, county, school district or other taxing unit and to cancel all titles or claims of title including claims of redemption to such real property asserted or existing at the time of such conveyance.

[67-2308, added 1945, ch. 137, sec. 1, p. 206.]

67-2309. WRITTEN PLANS AND SPECIFICATIONS FOR WORK TO BE MADE BY OFFICIALS -- AVAILABILITY. All officers of the state of Idaho, the separate counties, cities, towns, villages or school districts within the state of Idaho, all boards or trustees thereof or other persons required by the statutes of the state of Idaho to advertise for bids on contracts for the construction, repair or improvement of public works, public buildings, public places or other work, shall make written plans and specifications of such work to be performed or materials furnished, and such plans and specifications shall be available for all interested and prospective bidders therefor, providing that such bidders may be required to make a reasonable deposit upon obtaining a copy of such plans and specifications; all plans and specifications for said contracts or materials shall state, among other things pertinent to the work to be performed or materials furnished, the number, size, kind and quality of materials and service required for such contract, and such plans and specifications shall not specify or provide the use of any articles of a spe-

cific brand or mark, or any patented apparatus or appliances when other materials are available for such purpose and when such requirements would prevent competitive bidding on the part of dealers or contractors in other articles or materials of equivalent value, utility or merit. The design-build method of construction may be employed by public officials in contracts for the construction, repair, or improvement of public works, public buildings, public places or other work. For purposes of this section, a design-build contract is a contract between a public entity and a nongovernmental party in which the nongovernmental party contracting with the public entity agrees to both design and build a structure, roadway or other item specified in the contract. In any action which shall arise under this section, the court may assess a civil penalty not to exceed five hundred dollars (\$500) to be paid by the public entity.

[67-2309, added 1951, ch. 287, sec. 1, p. 617; am. 1986, ch. 293, sec. 1, p. 738; am. 1987, ch. 283, sec. 2, p. 595.]

67-2310. SUBCONTRACTORS TO BE LISTED ON BID OF GENERAL CONTRACTOR -- EXCEPTIONS. (1) Hereafter, before the state of Idaho, the separate counties, cities, towns, villages or school districts within the state of Idaho shall let contracts for the construction, alteration or repair of any and all buildings, improvements or public works, and such construction, alteration or repair requires plumbing, HVAC work, or electrical work, the general contractor shall be required to include in his bid the name, or names and address, or addresses, of the subcontractors who shall, in the event the contractor secures the contract, subcontract the plumbing, HVAC work, and electrical work under the general contract. In the event that the general contractor intends to self-perform the plumbing, HVAC or electrical work, the general contractor must be properly licensed by the state of Idaho to perform such work. The general contractor shall demonstrate compliance with this requirement by listing the valid contractor's license number for the plumbing, HVAC or electrical work to be self-performed by the general contractor on the bid form.

(2) No general contractor shall name any subcontractor in his bid unless the general contractor has received communication from the subcontractor. For the purposes of this section, "communication" shall include telephone, mail, facsimile machine, in person, or by computer using the internet or a bid service.

(3) In the event a general contractor secures the contract, and if the general contractor and a named subcontractor cannot finalize the terms of agreement between them for any reason other than cost, the general contractor shall name another subcontractor by written notification within ten (10) days of being awarded the public works contract. The general contractor shall disclose to the public entity the cost for work to be performed by the substitute subcontractor. If the amount of the substitute subcontractor's bid is less than the original subcontractor's bid, the reduction in cost shall be passed through to the benefit of the public entity which awarded the contract.

(4) This act shall not apply to the construction, alteration or repair of public buildings under the jurisdiction of the board of regents of the university of Idaho.

(5) This act shall have no application to the preparation and submission of plans and specifications pursuant to statute or local ordinance.

(6) Failure to name subcontractors or list the valid contractor's license number for plumbing, HVAC or electrical work being self-performed by the general contractor as required by subsection (1) of this section shall render any bid submitted by a general contractor unresponsive and void.

(7) At the time subcontractors are named in accordance with the provisions of this section, they must possess the appropriate licenses or certificates of competency issued by the state of Idaho covering the contractor work classification in which each respective subcontractor is named. The provisions of this subsection (7) shall not apply in those cases where the public works contract is financed in whole or in part by federal aid funds, provided that, at or prior to the award and execution of any such contract by the state of Idaho or any other contracting authority mentioned in subsection (1) of this section, the successful bidder has secured a license as provided in this chapter.

67-2311. PURPOSE OF ACT. It is the purpose of this act to render all public buildings now or hereafter owned or maintained by the state of Idaho, or any official, department, board, commission or agency thereof reasonably free from hazards to the general public, to the state's employees, and to inmates in or attendants at such buildings.

[67-2311, added 1959, ch. 127, sec. 1, p. 272.]

67-2312. PUBLIC BUILDINGS SUBJECT TO SAFETY INSPECTION. The division of occupational and professional licenses is vested with the right of entry and inspection of all public buildings now or hereafter owned or maintained by the state or any official, department, board, commission or agency thereof, for the purpose of ascertaining unsafe or hazardous conditions therein, or in the immediate environs thereof, not only to the state's employees but to inmates therein, attendants thereat, and to the general public.

67-2314. REPORT OF INSPECTION. As soon as practicable after each such inspection, the administrator of the division of occupational and professional licenses shall make a report in writing of the results disclosed thereby to the official, department, board, commission or agency having custody or direct control of any building so inspected. If the administrator finds hazardous conditions or unsafe practices, he shall supplement his report with recommendations for their elimination or correction.

67-2318. EMERGENCY EXPENDITURES. (1) Whenever the governor shall direct an investigation under the provisions of this act and it appears to him that the division of occupational and professional licenses is in emergency need of the consultant services of a specialist in fire prevention methods or in corrective structural procedures, he is authorized in his discretion to pay from the appropriation herein made, or from any other emergency or disaster relief fund available to him, the expense of such consultant services.

(2) If it appears to the satisfaction of the governor that the official or agency in direct control of a public building is unable to comply with any recommendation or decision of the division of occupational and professional licenses because of lack of appropriated funds, the governor may order payment in whole or in part of expenses involved in the elimination or amelioration of hazards from the money herein appropriated or from any appropriation made available to him for emergency or disaster relief.

67-2320. PROFESSIONAL SERVICE CONTRACTS WITH DESIGN PROFESSIONALS, CONSTRUCTION MANAGERS, AND PROFESSIONAL LAND SURVEYORS. (1) Notwithstanding any other provision of law to the contrary, it shall be the policy of this state that all public agencies and political subdivisions of the state of Idaho and their agents shall make selections for professional engineering, architectural, landscape architecture, construction management, and professional land surveying services, including services by persons licensed pursuant to chapters 3, 12, 30, and 45, [title 54](#), Idaho Code, on the basis of qualifications and demonstrated competence and shall negotiate contracts or agreements for such services.

(2) In carrying out this policy, public agencies and political subdivisions of the state shall use the following minimum guidelines in securing contracts for engineering, architectural, landscape architecture, construction management, and land surveying services on projects for which the professional service fee is anticipated to exceed the total sum of fifty thousand dollars (\$50,000), excluding professional services contracts previously awarded for an associated or phased project, and for which the expenditure is otherwise exempt from the bidding process provided by law. To implement this policy, the public agency and political subdivisions shall:

(a) Provide a general description of the services being solicited and encourage persons or firms engaged in the services being solicited to submit statements of qualifications and past performance data;

(b) Establish and make available to the public a request for qualifications that includes the criteria and the procedures to be used for measurable scoring, ranking, and selection of qualified persons or firms to perform such services;

(c) After receiving responses to a request for qualifications, score and rank the responding persons or firms based on their qualifications and demonstrated competence pursuant to the public agency's or political subdivision's established criteria and procedures. The list of ranked respondents, including the scoring used to develop the ranking, shall be made available to the public. Some examples of selection criteria for consideration may include but are not limited to: a description of the firm, including location and longevity; past performance; project manager and key staff experience, education, and training; experience with similar projects; specific approach to

project or assignment; proposed schedule, if applicable; and quality control procedures;

(d) Select for negotiation the persons or firms whom the public agency or political subdivision determines to be the highest-ranked (best qualified);

(e) Negotiate with the highest-ranked person or firm for a contract or an agreement to perform such services at a price determined by the public agency or political subdivision to be reasonable and fair to the public after considering the estimated value, scope, complexity, schedule, and nature of the services required;

(f) When unable to negotiate a satisfactory contract or agreement with the highest-ranked person or firm, formally terminate negotiations and undertake negotiations with the next highest-ranked person or firm, following the procedure prescribed in paragraph (e) of this subsection;

(g) When unable to negotiate a satisfactory contract or agreement with any of the selected persons or firms, recommence negotiations as described in paragraphs (e) and (f) of this subsection until a contract or agreement is reached or cancel the procurement;

(h) When a public agency or political subdivision solicits a request for qualifications for engineering, architectural, landscape architecture, construction management, or land surveying services for which the professional service fee is anticipated to exceed the total sum of fifty thousand dollars (\$50,000), it shall publish public notice in the same manner as required for procurement of public works construction projects under section [67-2805](#)(2), Idaho Code;

(i) In fulfilling the requirements of paragraphs (a) through (h) of this subsection, a public agency or political subdivision may establish and select from a list of two (2) or more persons or firms selected and preapproved for consideration by the public agency or political subdivision. In establishing a preapproved list, a public agency or political subdivision shall publish notice as set forth in paragraph (h) of this subsection. When selecting from such list, no notice shall be required; and

(j) Any list established under paragraph (i) of this subsection shall remain valid for a maximum of five (5) years and may be canceled by the public agency or political subdivision prior to the list's expiration if the public agency or political subdivision determines that cancellation would be in the public's interest.

(3) In securing contracts for engineering, architectural, landscape architecture, construction management, or land surveying services on projects for which the professional service fee is anticipated to be less than the total sum of fifty thousand dollars (\$50,000), the public agency or political subdivision may use the guidelines set forth in subsection (2) of this section or establish its own guidelines for selection based on demonstrated competence and qualifications to perform the type of services required, followed by negotiation of the fee at a price determined by the public agency or political subdivision to be fair and reasonable after considering the estimated value, scope, complexity, schedule, and nature of services required.

(4) When a public agency or political subdivision of the state has previously awarded a professional services contract to a person or firm for an associated or phased project, the public agency or political subdivision may, at its discretion and in accordance with all provisions of section

[59-1026](#), Idaho Code, negotiate an extended or new professional services contract with that person or firm.

(5) For the purposes of this section:

(a) "Public agency" means the state of Idaho and any departments, commissions, boards, authorities, bureaus, universities, colleges, educational institutions, or other state agencies that have been created by or pursuant to statute other than courts and their agencies and divisions, and the judicial council and the district magistrates commission; and

(1) Whenever the governing body of a taxing district, by a majority vote of its members, adopts a proposal to change the name of the district, it shall be the duty of such body to conduct at least one (1) public hearing on the proposal and to give notice of the hearing. At least fifteen (15) days prior to the hearing, notice of the time and place and a copy of the proposal of the name change shall be published in the official newspaper or paper of general circulation within the jurisdiction. The governing body may also make available a notice to other papers, radio and television stations serving the jurisdiction for use as a public service announcement.

(2) At the hearing, if it shall satisfactorily appear to the governing body that no good cause exists to deny the proposal for change of name, the governing body may adopt a resolution effecting the name change in the same form as was presented in the proposal on which the hearing was conducted. Such resolution shall also specify the date of organization of the district and its present name.

If a petition signed by ten percent (10%) of the qualified electors of the taxing district is presented in opposition to the proposed name change, the governing body of the taxing district shall submit the question to the electors of the district in accordance with the provisions of [chapter 14, title 34](#), Idaho Code. If a majority of votes cast on the question of changing the name of the district are in favor of the name change, the governing body of the taxing district shall adopt a resolution effecting that change, specifying the date of organization of the district and its present name.

(3) No resolution for change of the name of a taxing district shall be effective until a certified copy of the resolution has been filed with the state tax commission and with the county recorder of each county in which the jurisdiction is situated.

(4) Any change of name under the provisions of this section shall not affect any of the rights, property or obligations of said taxing district.

(5) The provisions of this section shall not apply to any city, county or school district, nor to any taxing district for which provision for change of name is otherwise provided by law.

[67-2321 added 1996, ch. 98, sec. 18, p. 400.]

67-2323. WRITTEN AGREEMENT BEFORE TRANSFER -- PUBLICATION OF NOTICE. Prior to any such conveyance or transfer, a written agreement shall be made between units of government or districts for a conveyance or transfer of real or personal property from one to the other with or without consideration.

For conveyances or transfers of real or personal property with a value of ten thousand dollars (\$10,000) or less, the property may be conveyed or transferred without notice and a hearing as otherwise provided herein. 67-2324. TWO-THIRDS VOTE REQUIRED FOR APPROVAL. No agreement entered into pursuant to this act for conveyance, transfer or exchange of real or personal property between units of government or districts shall be valid unless said agreement shall be approved after notice as provided herein by a two-thirds (2/3) vote of each governing body, except no such approval shall be required from the United States or the state of Idaho.

(2) In considering an application for the construction of an energy facility, the city or county may not consider the following factors or attributes of an energy facility because the factors are the responsibility of the public utilities commission, an electric cooperative governing board or a city council overseeing a municipal electric system:

- (a) The need for or use of the energy by the applicant or by one (1) or more electric utilities or purchasers of the energy;
- (b) The resource plan or financial characteristics of an electric utility or purchaser of the energy; or
- (c) Alternative resource options or alternative energy facility sites that were considered by the applicant or utility owner or purchaser, or that may be or were available or should have been considered for comparative purposes.

(3) The city or county shall hold at least one (1) public hearing affording the public an opportunity to comment on each proposed energy facility before the approval of the facility. Several sites may be considered at any one (1) public hearing. A representative of the state department or departments that have provided written reports shall appear at the hearing at the request of the city or county. Members of the public who are not residents of the city or county may provide comments at the hearing. The city or county, when deciding whether to approve the application, shall duly consider all comments. The city or county may approve or disapprove the application regardless of the written advice by a state department. A hearing held pursuant to the existing ordinances of the city or county that meets all of the requirements of this subsection is held in compliance with this subsection.

- (i) The amount of the debt;

- (ii) That unless the debtor, within thirty (30) days after receipt of notice, disputes the validity of the debt, or any portion thereof, the debt will be assumed to be valid by the public agency;
- (iii) That if the debtor notifies the public agency in writing within the thirty (30) day period that the debt, or any portion thereof, is disputed, the public agency will obtain verification of the debt and a copy of such verification will be mailed to the consumer by the public agency; and
- (iv) That the public agency may employ a debt collection agency to collect a debt, which may result in additional costs to the debtor if the debtor fails to pay the debt.

(3) Collection agencies acting pursuant to this section shall have only those remedies and powers which are available to them under [chapter 22, title 26](#), Idaho Code.

(4) For purposes of this section, the term "debt" shall include all debts, including the fee required under subsection (1) (b) of this section, except as otherwise provided by law.
